

Liquid Presoak with Booster

Formula 514

TECHNICAL DATA SHEET

DESCRIPTION: Pleasantly scented liquid presoak concentrate. Contains a unique blend of agents which quickly cut through road soils, oils, grime, and bugs.

ADVANTAGES:

Wets, penetrates, emulsifies, loosens road film, grease, heavy soil without harming the vehicle finish.

Softens the bond formed by grease, grime, sludge, dirt.

Prepares vehicle surface for better cleaning.

Controlled suds, rinses freely, completely. Will not cause spotting or streaking.

Pleasantly scented. Biodegradable.

DIRECTIONS:

Apply under low pressure before high pressure cleaning.

Dilutions may vary depending on water conditions and type of equipment used.

Start by diluting 1 part presoak to 64 parts water. Observe the results in the bay and adjust your proportioner accordingly. For HydroMinder Proportioner, use an orange tip.

SPECIFICATIONS:

Physical form	Clear Liquid
Color	Dark Blue
Scent	Safrole
Specific Gravity	1.059
Density	8.81 lbs. per gallon
Biodegradable	Yes
Foam test 1% Sol.	Initial — 130mm
pH 2%	9.4
Active Alkalinity	0.62%
Total Alkalinity	1.09%
Total Solids	19.24%

SHIPPING WEIGHT IN POUNDS:

55 Gallon Plastic Drum	522.5 pounds
30 Gallon Plastic Drum	283.2 pounds
15 Gallon Plastic Drum	138.1 pounds
5 Gallon Plastic Tighthead	46.3 pounds
