

Formula 547

Clear Coat Protectant

DESCRIPTION: This deep blue, blueberry scented, sudsing liquid clear coat protectant is the ultimate in customer appeal. Formulated with a unique aminofunctional silicone, it provides a visible, high-gloss appearance and protective coating that can last up to 30 days.

ADVANTAGES:

Contains a nonstaining dye that produces a rich, light blue liquid as it is being applied to vehicle surface.

Contains a unique blueberry perfume that leaves a refreshing aroma in wash bay.

Special formula virtually eliminates window streaking.

Rejuvenates paint and imparts added gloss.

Apply under high- or low-pressure and receive the same fantastic results.

Helps protect vehicle surface from harmful sun rays, acid rain, and winter salts.

SPECIFICATIONS:
