DRYING
AGENT

FORMULA 570

Berry Dty

DESCRIPTION:

Revolutionary new berry scented, polymer based drying agent/clear coat protectant containing siliconized carnauba for enhanced shine and maximum drying capabilities.

ADVANTAGES:

Fresh berry scent.

Multi purpose — works as both a clear coat protectant and drying agent.

Fortified with siliconized carnauba to impart shine and protection while providing enhanced water break and sheeting for optimal dryer performance.

Excellent for use in in-bay automatics and tunnel carwashes.

Effective in both high and low pressure applications.

Free rinsing.

Reclaim compatible.

SPECIFICATIONS:

Physical Form	Clear liquid
Color	Red
Scent	Berry
Specific Gravity	0.967
Density	8.07 lbs./gal.
Biodegradable	Yes
pH 2%	6.0 - 7.0
Freezability	Keep from freezing

DIRECTIONS:

For high and low pressure applications, dilute 90:1 to 120:1. If using hydrominder proportioner, use a yellow or purple tip.

DO NOT ALLOW TO FREEZE. FREEZING SEPARATION CAN OCCUR AT 32°F.

SHIPPING WEIGHT IN POUNDS:

55 gallon plastic drum	478.9 pounds
30 gallon plastic drum	255.6 pounds
5 gallon plastic tighthead	43.2 pounds
